Educator Resources

Resource: A Medical Science Educator Article Review From Dr. Monzurul Roni
This month's IAMSE review by Monzurul Roni highlights research by Thomas Franchi and Nigel Russell-Sewell on how medical training environments can contribute to imposter phenomenon. The study underscores how assessment practices may heighten self-doubt and offers recommendations to better support learner well-being.

Resource: Writing an Introduction: Position Your Work and Connect to the Literature
The introduction to any manuscript sets the stage for all that follows. Authors use the introduction to convince readers that they have something important, novel, and useful to share. Here, Bridget O'Brien, PhD, shares strategies for writing an effective introduction that positions an author's work in the field, connects to existing literature, and identifies gaps that their work can address.

Article: AAMCNews: How Interprofessional Education Became a Bedrock of Medical Training
Medical students increasingly work in multidisciplinary teams, echoing how they'll practice medicine in the future.

AI in MedEd

Apply: New AI in Health Professions Education Course!
Deadline: April 1, 2026
Applications are now open for the IAMSE AI in Health Professions Education Course, a six-month program guiding educators from foundational AI skills to real-world implementation. The inaugural cohort, limited to 25 participants, will begin at the 2026 IAMSE Annual Conference, with applications due April 1, 2026. The program includes workshops, a mentored project, and ongoing support to help educators integrate AI into their practice.

View: AI for Medical Educators Recordings Available for CME Credit
The GEA AI Skill Building for Medical Educators Webinar Series has officially concluded! This 10-session series guided medical educators from AI foundations and ethics to practical applications in teaching, assessment, clinical education, and scholarship. If you missed a session—or want to revisit key insights—all recordings are now available and eligible for CME credit. Build your AI fluency on your schedule and continue your journey toward confident, responsible AI integration in medical education.

View: "Academic Medicine Podcast" Explores New Journal Policy Guiding The Use of AI
On a new episode of the "Academic Medicine Podcast," editors from the AAMC's journals Academic Medicine and MedEdPORTAL discuss the responsible use of artificial intelligence (AI) for peer review. The editors explore common peer review scenarios and discuss appropriate use and what reviewers should consider before using AI. The episode is available on Apple Podcasts, Spotify, and all other platforms.

Upcoming Session: Education Grand Rounds Goldilocks AI: The Middle Road
Session Date: May 27, 2026; 12:00 pm - 1:00 pm & 5:00 pm - 6:00 pm
See Calendar Invite for details.

Educator Opportunities

Nominate: SGEA Career Education Award
Nomination Deadline: April 6, 2026
The Group on Educational Affairs (GEA) recognizes outstanding individuals and teams whose research, scholarship, leadership, and service have made a meaningful impact on medical education across the nation and its regions. This page highlights current and upcoming national and regional GEA awards, including nomination timelines and recent honorees, and is updated throughout the year. Additional details about awards and past recipients are available through the Association of American Medical Colleges (AAMC).

Register: 2026 SGEA Conference, New Orleans, LA
Early Bird Deadline: April 14, 2026
Registration is now open for the 2026 SGEA Spring Conference, taking place May 20–22, 2026 at The Ritz-Carlton New Orleans and hosted by Tulane University School of Medicine. This year's theme, Forward Together: Reimagining Medical Education in a Time of Transformation, will bring together educators and learners to share innovations in curriculum, assessment, and technology. Early bird registration is available through April 14, 2026.

Call for Proposals: Virtual Workshop on Teaching Artificial Intelligence, Science, and Infections Diseases
Workshop Date: April 28, 2026
This workshop, which will take place on April 28, will feature presentations exploring the urgent pedagogical and professional question of how to address artificial intelligence in courses on science, environment, public health, infectious diseases, and related topics. Each presentation should address one or more aspects of this topic in connection with teaching at the graduate, undergraduate, or professional level. All presenters must be available from 12:30-3 p.m. the day of the workshop. **Submit proposals here**.

Call for Proposals: The Generalists in Medical Education (TGME)
Proposal Deadline: May 17, 2026
The Generalists in Medical Education (TGME) Annual Conference will be held November 4–6 in Anaheim, California, featuring the theme "New Teams for New Times: Collective Wisdom in Medical Education." Submit a proposal with educators from across the globe to share ideas and innovations.

Save the Date: CBME Faculty Development Course, Chicago, Illinois
Date: July 22-24 & October 14-16, 2026

The Association of American Medical Colleges, American Association of Colleges of Osteopathic Medicine, and Accreditation Council for Graduate Medical Education are co-sponsoring a new faculty development course on competency-based medical education (CBME). Designed for educators involved in curriculum, assessment, and program evaluation, the course emphasizes practical application in areas such as feedback and individualized learning. ***Registration will open in the Spring, seats are limited***; email **CBME@aamc.org** to be notified when enrollment begins for the 2026 course.

Save the Date: Learn Serve Lead 2026, Anaheim, California
Date: November 6-10, 2026
Learn Serve Lead 2026: The AAMC Annual Meeting will bring together leaders across academic medicine to celebrate 150 years of impact while looking ahead to the future of the field. The meeting will highlight progress, innovation, and opportunities to shape the next era of discovery, education, and advocacy. Registration opens this summer, and early planning is encouraged.

Call for Reviewers: 2026 SGEA Medical Education Scholarship Award (MESA)
The 2026 SGEA Medical Education Scholarship Award is seeking reviewers to evaluate presentation materials for this year's conference. Participation is flexible, with options to review remotely or in person, and involves assessing a small number of submissions. Interested individuals are encouraged to sign up, with follow-up details to be shared soon. More information on SGEA available **here**.
